ANNUAL  
REPORT  
2019-2020

## Founder's Message

Dear LOLT Family,

With joy and immense pride I share with each one of you as our extended family that we have completed another financial year with amazing success.

I am taking the liberty of highlighting a few - Our Project Anando has spread its wings to Angul Tehsil, Angul District, Odisha and as a pilot initiating Project Anando to cover 420 children across six centres. At the same time we have continued to increase our presence in Maharashtra. Project Anando has so far impacted 14473 children and 812 teachers directly and 119814 community members indirectly across more than 660 villages in the states of Maharashtra, Madhya Pradesh, Rajasthan & Odisha.

At the same time our Project Jagruti has also spread its wings opening Livelihood Training Centres in Maharashtra in Taloda Tehsil, Nandurbar District; Cuffe Parade, Mumbai, Mumbai District and Murbad Tehsil, Thane District. The Medical Mobile Unit reached out to the villagers in Murbad Tehsil, Thane District, Maharashtra, providing them with basic healthcare facilities at their door step in partnership with SBI Mutual Fund and Bayer Care Foundation. Project Jagruti has so far reached out to 18628 community members across three major programmes covering 04 districts in Maharashtra through 07 centres and impacted 31425 lives indirectly.

Most of you have been a part of the Marathon for successive years as you have with your magnanimous generosity donated to LOLT through the platform of "United Way of Mumbai". Let me assure you that all donations made by each one of you on behalf of LOLT have reached us without any deductions of whatsoever nature. My immense gratitude for the solidarity expressed by each one of you and for being there with our children and our beneficiaries through the platform of the Marathon for each successive year.

It is only with your unconditional love and support that as the Founder & Managing Trustee of LOLT, the lifetime status and title of 'Change Legend' was bestowed upon me for our collective fundraising achievement in the Tata Mumbai Marathon 2020. Simultaneously LOLT was

acknowledged as one of the top NGO's as it reached the Platinum Privilege level for the year 2020.

Looking back we have achieved great success in the year 2019-2020, all our endeavours delivered value to our beneficiaries. The transformation has been unbelievable.

As the financial year was drawing to a close, we were all getting ready to handle unexpected new challenges in the form of Covid-19 a global pandemic. The world began to change. Covid-19 brought with it a new set of challenges, requiring an extremely agile response. We wasted no time adjusting our mission with the newly expressed needs of the environment. We had very specific objectives - To protect our beneficiaries; To be there for our donors and To keep our people safe in the organisation.

Throughout the year we continued our commitment to deliver higher standard of quality. We continued to implement new training tools and technology in our pursuit to achieve better result. Most importantly through all the challenges our culture as created and sustained by our team was our greatest strength. We responded with creativity and sensitivity, continued to serve through collaboration and care for each other.

Thank you for being a continued part of LOLT and a warm welcome to all who have become a part of our family in this year. The LOLT team expresses its gratitude to each one of you for your sustained interest and support without which nothing could have been achieved.

Stay safe. Stay healthy. And please continue to take good care of yourself and your family. It's because of you that we share the light together with all.

With light to guide us always.

May God Bless you!

Villy Doctor

## OUR PARTNERS

**First generation learners need support and guidance to break out of the vicious cycle of poverty and illiteracy.**

Light of Life Trust through Project Anando, works towards uplifting underprivileged rural secondary school children by sustaining them in schools and equipping them with the necessary skills to become independent and productive citizens of society. The goal is not just literacy but all-round development of each child through a 3E approach, i.e. Educate, Empower & Equip for Employability, thereby empowering the students to embrace life changing decisions by choosing appropriate career paths.

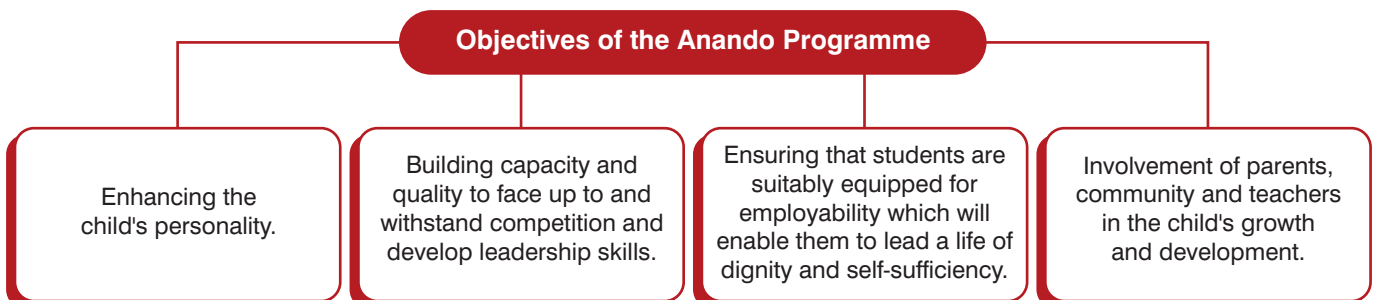

Concentrating on his/her all-round development each child is given requisite support

### 3E APPROACH

- **Educate** : Reinstatement or sustain in schools, provide supplementary education, extra-curricular activities for holistic development.
- **Empower** : Meditation, Personality development through imparting life skills.
- **Equip for Employability** : Career guidance and planning, English language development and Computer training programmes.

# Student Friendly Supplementary Education Programme (SFSEP)

An integral component of Project Anando, SFSEP focuses on the academic development of Anando beneficiaries since 2007. This is a programme designed to provide quality inputs to Anando children, ensuring bridging of gaps from basic concepts to school curriculum especially in English and Mathematics through daily classes.

Teaching methods are designed to maintain a balance between teaching basic concepts (the alphabet in English, basic arithmetic operations), improving basic 3R skills and teaching the syllabus.

SFSEP aims to create independent individuals who seek knowledge and continue learning even without a teacher/guide at their side. The teaching methods are non-traditional, innovative, participative and, most importantly, responsive to the actual needs of the students.

## Highlights 2019 - 20

### ● **New Initiative under the SFSEP Programme in 2019 – 20:**

**Supplementary Education Programme (Maths):** Shahpur Tehsil, Thane District: 20 Schools.

The programme was initiated on an experimental basis with LOLT playing the role of a resource agency in this partnership, providing inputs to teachers in Maths pedagogy, facilitating project restructuring, staff training and monitoring based on LOLT's SFSEP model, to make the delivery of the teachers in their ongoing educational projects with the 20 schools in Shahpur Tehsil more effective & robust.

### ● **Research and Development of the SFSEP Pedagogy:**

The grade appropriate 'Learning Levels' in English & Mathematics for rural students under LOLT were formulated based on in-depth research, using CEFR (Common European Framework of Reference). Furthermore the research and efforts of the core committee culminated in the creation of subject-wise workbooks for students to simplify and supplement the concepts taught during classes, which were launched during LOLT's annual capacity building programme - Manthan.

### ● **SFSEP Mathematics Songs and Poems:**

A collection of songs and poems about tough concepts in Mathematics, written by SFSEP teachers and sung to the tune of popular Bollywood songs in a light-hearted approach to making learning fun and easy, were published and launched during LOLT's annual capacity building programme - Manthan.

### ● **Cooperative or Group Learning:**

A technique used in LOLT to intensify learning of students, wherein student groups were formed based on their academic levels at the start of each year was carried out using the new 'Learning Levels' defined by the team. Baseline tests were restructured and aligned to the new learning levels resulting in individualised daily classroom intervention becoming more effective.

### ● **Mathematics Teaching Aids Exhibition and Competition:**

Within its first year of operation, the Shahpur programme became the first to host this competition. Shahpur teachers worked with student groups in their respective centres and came up with different innovative, low-cost Mathematics teaching-learning material. Through careful selection and filtering, 40 teaching aids models were displayed in the exhibition. The videos of students making and explaining the teaching aids were recorded to share with the remaining students in the school.

# Success Stories

<b>Name of the Student</b> : Kavita Ramsing Pawara	<b>Standard</b> : X
<b>Centre &amp; District</b> : Bhudan, Nandurbar	<b>Selection Criteria</b> : Neglected Child

Kavita's lack of knowledge of basic academic concepts and skills was affecting her confidence and social skills whilst interacting with her classmates. Home visits, parent counselling, personal attention and guidance given to her by SFSEP teachers, involving her peers and increasing social interaction enabled her progress. She was given additional time after daily classes, her homework was monitored and she was ably supported through her parents. She showed gradual improvement, grasped basic concepts and her confidence grew. This year she confidently appeared and passed her SSC examinations.

<b>Name of the Student</b> : Sonu Soni	<b>Standard</b> : IX
<b>Centre &amp; District</b> : Bijolia, Bhilwara	<b>Selection Criteria</b> : Single Parent

Sonu's mother suffering from mental health issues over the last 7 years, was sent back to her parent's house. Her father works as a cook and is away from home for 10-15 days at a stretch when he gets orders for different occasions in different villages. The responsibility of looking after all her younger siblings has been resting on Sonu's shoulders since she was merely 8 years old. An unwilling father and relatives living close by not valuing education of the girl child provided no support. She had given up all hopes of completing her education and had stopped going to school. The LOLT Team built a trusting and caring relationship with her through regular home visits. With repeated efforts, communication and counselling, Sonu started handling household chores in a way that she could go to school. LOLT team offered her mental and emotional support as well as academic inputs during home visits and she gradually started attending SFSEP classes. She planned her household duties such that she could attend SFSEP classes and also go to school without ignoring responsibilities. The school teachers expressed delight and surprise on her return. LOLT Team continues to provide her with the necessary support and guidance, crucial in bringing her out of her challenging situation. Her father, too, has shown some positive changes.

<b>Name of the Student</b> : Swapnali Prakash Wakde	<b>Standard</b> : X
<b>Centre &amp; District</b> : Bhatepuri, Jalna	<b>Selection Criteria</b> : Orphan Child

Swapnali lives with her grandfather and two younger sisters, one of whom is physically disabled and dependent on her for assistance. Six years ago her mother passed away in a bus accident and her father committed suicide soon after. Their aged grandfather is not able to look after them well hence Swapnali was considering dropping out of school as she was overburdened with household responsibilities. When she joined LOLT she was very nervous, anxious and unsure of herself. With timely guidance through home visits, individual counseling and support from the LOLT team Swapnali an active girl, improved her academic performance quickly by doing as she was guided. She scored second rank in her Std. IX exam. She aspires to score more than 90% in Std. X. With time many positive changes have been observed in Swapnali's personality and behaviour. Her communication and leadership skills got enhanced and she has learnt appropriate coping mechanisms to deal with household pressures. With family counseling, the team convinced her aunt to take up some of Swapnali's responsibilities.

<b>Name of the Student</b> : Pournima Balaji Pawar	<b>Standard</b> : IX
<b>Centre &amp; District</b> : Sai, Raigad	<b>Selection Criteria</b> : Orphan Child

Pournima lost both her parents and lived with her maternal aunt and her daughter. Her uncle was expelled from the village as he attempted to kill her aunt in a fit of drunken rage. Her aunt is providing for three of them singlehandedly. Recently it was observed that Pournima had stopped coming to school and classes. Her peers and classmates did not know the reason as she was hardly present in school. During home visits after much time she disclosed the actual reason being the distance from school to her house and she having to travel through the forest road after SFSEP classes was scary for her. The other students from her village were boys, and she was hesitant to walk back with them lest the community started ridiculing her. The social worker counselled her aunt and Pournima and once they were convinced, a group meeting of students & parents was held to discuss Pournima's problem and appeal to help her. In the meeting everyone agreed to help and support Pournima by accompanying her back from school and class. Today Pournima is a regular student in the class and workshops and despite many challenges she is trying to achieve her goals.

**Name of the Student : Jitusing Raising Rathod**

**Standard : IX**

**Centre & District : Kali, Yavatmal**

**Selection Criteria : Orphan Child**

Jitusing belongs to the Banjara community. His father passed away when he was 8 years old and a few days later his mother committed suicide leaving Jitusing and his sister orphaned. They shifted to live with his maternal uncle's family. It was difficult for everyone in the house to adjust to this sudden change, especially Jitusing. A regular student he is very weak academically. After his parents demise he started sitting on the last bench isolating himself from everyone in class. His teachers felt that he was at a risk of dropping out because of his behaviour. During the workshops, he shared that he was angry as his aunt was not treating him and his sister properly. Mentally traumatized by his parent's death, he had bottled up his feelings. Post intensive counseling, regular home visits, personal interaction with him and his grandparents, he slowly began to overcome all barriers. He started focusing on his studies and his behaviour changed completely. He now talks nicely to all at home and school. He attends classes, pays attention and participates fully in all the workshops and activities. He is motivated to study and work hard to achieve success in life.

**Name of the Student : Vikram Satish Devale**

**Standard : IX**

**Centre & District : Pardi Takmor, Washim**

**Selection Criteria : Neglected Child**

Vikram has a history of alcoholism, abuse and mental trauma in his family. His father was an abusive alcoholic who used to beat his family members due to which he was shunned by the neighbours. His constant temper and bad mood affected the family environment and Vikram's mental state. He sold off all valuable household items to get money for his addiction, depriving the family of money to meet even their basic needs, as a result of which Vikram was on the verge of dropping out of school. He lost focus from studies as his mind was constantly preoccupied with worries from home. He participated less in workshops and remained stressed always. Post home visits, family counselling and emotional support extended to Vikram and involving community members (father's friends) his father's behaviour changed, Vikram started attending the classes and workshops regularly again and gradually his mindset became more positive and hopeful towards a better life and future for himself. Vikram's father changed his ways, he stopped treating his family members badly and all of them began working together in the field to earn a decent income. The household environment changed and peace returned. Vikram is a calm and sincere student now. He studies diligently and is a good student in his class.

**Name of the Students : Pratima Inwati, Nandini Valke, Kunti Valke, Nikita Baliram, Arti Kawde, Anchal Bhalavi, Shital Pandre, Roshni Sirsam, Anchal Tekam, Kajal Kumre**

**Centre & District : Turia 2, Seoni**

**Std. : IX**

**Selection Criteria : Tribal Child (7), Single Parent (2), Neglected (1)**

All the 10 girls live in villages 8 – 25 kms away from the secondary school. They had to travel through an isolated forest road as there is limited transportation facilities for them to reach school daily. Their uneducated parents were extremely hesitant and decided that the girls would not go to school at all. LOLT team conducted several home visits and parent counselling sessions to finally convince them to enrol the girls in the hostel at Turia, meant to support students in such circumstances to continue their education. The paper work and negotiation with local government functionaries, hostel staff and coordination with school authorities that was required posed as an obstacle for them. LOLT team intervened and helped in organising all the documentation process, counselled parents individually and collectively to ensure they remain convinced to send their daughters to the hostel, accompanied parents to various government offices, guiding and supporting them at every step, communicating with the hostel authorities and relevant stakeholders to convince them of genuine circumstances faced by these students and to accept some late applications while allowing few girls to stay in the hostel even before confirmation of their admission. The hostel authorities showed considerable thoughtfulness, allowing for exceptions looking at the situation of the girls and the effort of LOLT team-members. The team followed up with the students and their parents throughout the year, ensuring their material, social, psychological and emotional needs were fulfilled. Parents were assured about their daughter's well-being and comfort and their fears reduced.

## OUR PARTNERS

SPONSORSHIP

Lotus  
Charity

Mendonsa Foundation

Initiated in 2008 Anando Plus aims to support students post Std X (SSC) to make appropriate career choices based on their aptitude, capabilities and interest either to pursue higher education or undertake vocational training. Efforts are made to network with local educational institutes to give special considerations and/or generate financial support through scholarships for the needy children.

In the year 2019 – 20, the Anando Plus Programme supported **4189 students**, across **900 villages** and **55 centres** to either continue their education (354 colleges & high schools) or take up appropriate skill training programmes.

<b>Employment</b>	<b>Bank of Maharashtra, Jintur Branch, Parbhani</b>
<b>Income</b>	<b>₹ 40,000/-</b>

Sarika an academically excellent and bright student, belongs to a family of six. Her father struggled to provide a square meal to the family. She actively participated in all activities which helped her to develop self confidence, communication skills, and positive approach as well as learn to cope with difficult life situations. She successfully completed SSC with 68% and took admission in the Science stream. The Anando Plus programme helped her to build a career oriented thought process and facilitated the development of soft skills and life skills. Post Std. XII she took admission for Computer Engineering. It was really tough decision for her and her parents as it involved her moving to another location to continue higher education. She successfully completed her B. Sc in Computer Science in 2016. Post which she focused on giving her competitive examinations and prepared for IBPS examination. Hard work, consistent study and passion about her dream made her crack the exam. She has been selected as a Probationary Officer in Bank of Maharashtra at Jintur Branch, Parbhani District in 2020.

“ I am a student of LOLT since 2009. With the support and guidance of the organization, I completed my education. After SSC I was faced with the dilemma of which path to choose, but LOLT guided me towards the correct path. Owing to the support, motivation and guidance given by LOLT throughout all the years, I successfully completed my HSC exam in Science stream and also prepared for giving the competitive exams later on. Today I am working as a Probationary Officer in Bank of Maharashtra which would not have been possible for me, as a girl child, in my given circumstances without the support of the organization. ”

**Mr. Ramprasad Khurshinge, Father of Sarika Khurshinge:** “Today I am feeling very proud to be known as the father of Sarika and it is really a happy moment for all of us. No one in our family was educated and there was no awareness about the importance of education either. But

LOLT guided us on how to support our children. I am illiterate and we do not even have a properly built house. It was really difficult for me to provide all the educational material for my daughter's education. At such a time LOLT not only supported us but also gave us hope and guidance. To see Sarika working at the bank was only possible because of LOLT. Thanks to all LOLT members for making this a reality.”

<b>Name of the Student</b>	<b>Harshali Tukaram Gharat</b>
<b>Centre &amp; District</b>	<b>Mohili, Karjat Tehsil, Raigad District</b>
<b>Educational Qualification</b>	<b>B.Sc. Optometry</b>
<b>Employment</b>	<b>Lenskart, Pune</b>
<b>Income</b>	<b>₹ 27,000/-</b>

Harshali an introvert belongs to a seven member family. Her father an auto rickshaw driver, met with an accident during her graduation. So her mother took up the additional responsibility of providing for the large family. During her training she took up a job at a hospital for two to three months but found it hard to manage all the tasks and had to ultimately leave it. During such hard and tough times, LOLT's support, motivation and financial support really helped Harshali to continue her education. Harshali completed her B. Sc. in Optometry. She gained valuable experience by working in an optical shop for about 8 months. She also attended many eye check-up camps conducted by the hospital and gained great exposure there as well. Today Harshali is employed at Lenskart, Pune earning ₹ 27000/- per month and living independently. Her association with LOLT changed her life tremendously. LOLT has been a great source of support and motivation for Harshali to achieve success and move forward with her dreams leaving all her problems in life behind. She also aspires to study further and complete a Master's Degree in Optometry.

“ LOLT influenced my life in such a positive way that it cannot be expressed in words. I am a student of the organization since 2007, and throughout my school journey LOLT not only provided me with materialistic support but also helped to groom my personality. I realized the importance of goal setting in life. LOLT gave me support, guidance and motivation to complete my dream. LOLT really spread light in my life. ”

**Mrs. Nanda Tukaram Gharat, Mother of Harshali Gharat:** In the 13 years of my journey with LOLT, it has given me a lot of strength and confidence. It was not possible for us to provide a paramedical education to my daughter. But with the support and guidance from LOLT, my daughter is independent now and is taking responsibility of the whole family. My daughter became an optometrist and a role model for other girls in the village. It is really a proud moment for me and I am very grateful to the organization.”

<b>Educational Qualification</b>	<b>HSC</b>
<b>Employment</b>	<b>SRPF Police - Jalna</b>
<b>Income</b>	<b>₹ 28,000/-</b>

Nagesh was selected as a Single Parent Child as his father passed away due to chronic alcoholism. The time was very difficult for the family, and his mother undertook domestic work for their survival. His mother was struggling to meet the basic and other needs of the four children in the family. With LOLT's support Nagesh was able to get the required support and guidance to continue his education. He successfully completed HSC but was not able to continue higher studies due to his family's poor financial condition. He focussed all his energy on preparing for and giving Police recruitment exams. His hard work, efforts and dedication bore fruit as he cleared the exams and got selected for SRPF Police force, Jalna in the 2018 Batch. It is a matter of pride for his mother that her son serves to protect the nation.

“ When LOLT approached to support me, my mother was the only earning member of the family and we were three siblings who were in school so we were in real need of all the support we received. Personality development workshops taught me how to cope with critical situations, improve my communication skills, inculcated the importance of education and importance of setting a goal in my life. Though there were lots of challenges I never gave up, that's why today I have been able to achieve my dream. Thanks to honorable Villy Doctor Madam, our founder trustee and all LOLT Team for shaping my career and that of many more children like me. ”

**Mrs. Parvati Hajare, Mother of Nagesh Hajare:** “I have been connected with LOLT since 2008. LOLT helped my child in our most critical time and situation. It was very difficult for me to afford the children's educational expenses along with all other expenses. Nagesh was regularly attending the workshop and SFSEP classes which helped to change his personality. I also learnt a lot of things in parent meetings. Today I am feeling proud that my son is serving the nation. Thank you so much.”

# Success Stories

**Name of Patient : Ms. Shravani Rajesh Mukane**

**Age : 3 years**

**Village & Tehsil : Bhivpuri Katkarwadi, Karjat Tehsil**

**Treatment : Cataract Surgery**

Shravani lives in a tribal hamlet around 15 kms away from Karjat. Shravani has been adopted by her uncle as she was ill treated by her own parents. He is the sole earning member in the family earning approximately ₹6000/- as a farm labourer. Shravani was brought to the eye screening camp in Tiware by the Aanganwadi sevika of Bhivpuri Katkarwadi. At the camp Shravani was diagnosed with left eye congenital cataract. As the family did not have the resources to afford the surgery, Shravani's eye operation for Left Eye Cataract surgery was done free of cost at Isha Netralaya, Kalyan.

**Name of Patient : Mst. Karan Deepak Pawar**

**Age : 12 years**

**Village & Tehsil : Wadavali, Karjat Tehsil**

**Treatment : Dental Treatment**

Karan's father is a barber who goes home to home for work. He earns ₹5000/- per month which is barely enough to meet the needs of his family. Karan visited the Dental Unit run at Tiware Centre as he was suffering from toothache since two months. He had taken some medicines from the local chemist due to his family's lack of knowledge, scarcity of money & unavailability of affordable dental treatment facilities in the area. At the Dental unit, the dentists extracted two rotten teeth, scaled and polished his teeth at no cost. Karan is much relieved and pain-free at last.

**Name of Patient : Kashibai Yashwant Thombre**

**Age : 63 years**

**Village & Tehsil : Mundewadi, Karjat Tehsil**

**Treatment : Cataract Surgery**

Kashibai is a widow living alone in Mundewadi, a tribal hamlet around 20 kms from Karjat. Her husband died around 22 years ago. She does labor work once or twice in a week earning ₹300/- per day. Her children do not look after or care for her. She had a history of trauma to the left eye 10 - 12 years ago. She took some symptomatic treatment from the general practitioner & continued. Around 5 years ago she lost vision in her left eye completely. She was screened at the eye screening camp conducted by Light of Life Trust's Mobile Medical Unit and was referred for a cataract operation to be conducted as soon as possible. On conducting her blood tests she tested positive for HIV and was referred to Nair Super Specialty Eye Hospital, Navi Mumbai. She is very happy to get her lost vision back and is able to do her regular work without any hindrance now.

**Name of Patient : Ms. Ankita Waman Padir**

**Age : 9 years**

**Village & Tehsil : Navsuchiwadi,, Karjat Tehsil**

**Treatment : Weight gain program**

Ankita lives in Navasuchiwadi, a tribal hamlet 40 kms from Karjat. Ankita's father is the sole earning member of the family and works as a farm labourer earning ₹5000/- per month. Ankita has been a part of the LOLT Weight Gain Programme since 2019. Her school has been part of MMU's intervention since 2017 and so her past data comparison revealed impressive results.

- Ankita's height has increased by 4 cms in the 7 months of the intervention as compared to 7.5 cms in the previous two years (August 2017 to 2019).
- Ankita's weight has increased by 2.5 kgs in the last 7 months as compared to 3.1 kgs in the previous two years (August 2017 – 2019).

As a result of regular nutritious food distribution at the school, Ankita has shown a remarkable difference in her weight and height gain. Teachers of the school also report that the dietary intake has improved her academic performance as well as her attendance, attention span, understanding and listening during class.

Started with the plantation of 127 plants has now grown into a plot with 314 plants. The **Ankur Cashew Demo Plot** has 101 plants.

# Success Stories

<b>Name of Farmer</b>	<b>Yashwant Janu Bhagat</b>
<b>Village &amp; Tehsil</b>	<b>Khandan, Karjat Tehsil</b>

Yashwant is a 50 year old farmer from Khandan village who is passionate about learning and experimenting with new ideas. In 2015 he was one of the farmers to enrol for LOLT's first goat rearing training batch. The same year he received fruit bearing saplings which he ensured survival of. Lack of water resources posed hurdles for him, but with the help of the LOLT team he accessed relevant government schemes to dig a farm pond on his land which would hold enough water to irrigate plants for many months after the monsoon season. With availability of water Yashwant could also cultivate vegetables and sell them in the market, irrigate his plants, and also start his brick making business. Yashwant is a progressive farmer earning good monthly income through agriculture interventions which he learnt with the support of LOLT.

<b>Name of Farmer</b>	<b>Barki Ankush Waghmare</b>
<b>Village &amp; Tehsil</b>	<b>Tamnath, Karjat Tehsil</b>

In 2015, Barki Tai received fruit bearing plants under the environment conservation programme. Water was available at a distance of 2 kms from the village and the distance had to be covered on foot, carrying huge loads of water overhead. Light of Life Trust, Rotary Club of Bombay Hanging Garden and Manav Seva Sanstha jointly decided to distribute water wheels to tribal women in Karjat Tehsil. Among those women was Barki Tai. Getting the water wheel greatly reduced her discomfort. Now, with the help of the water wheel 45 litres of water can be brought at once. The water wheel served multiple purposes in addition to agriculture such as household chores, goat rearing, etc.

<b>Name of Farmer</b>	<b>Manibai Hasu Padir</b>
<b>Village &amp; Tehsil</b>	<b>Ramachiwadi, Karjat Tehsil</b>

Manibai received fruit bearing saplings in the year 2015 and under the water wheel distribution programme she received the water wheel last year. Earlier she used to carry water from 2 kms away on her head to water her saplings daily. But with the tool she now can roll 45 litres of water at once in the drum very easily to the field which has reduced her workload and eased the care-taking effort significantly. With guidance from LOLT team she also started cultivating vegetables on her land for additional income and uses the water wheel to irrigate them too.

<b>Name of Farmer</b>	<b>Ananta Dharma Bangare</b>
<b>Village &amp; Taluka</b>	<b>Dharewadi, Karjat Tehsil</b>

Ananta a 60 year old farmer from Dharewadi village received 60 fruit bearing plants under the programme in 2017. He planted them carefully, with proper care and precaution as prescribed by the LOLT team. His plot was 3 kms away from the village and he had to lift the water overhead to irrigate the plants daily. In 2019 he was selected as a beneficiary of the water wheel programme and now he can carry 45 litres of water at a time in the drum up till his farm to irrigate the plants which significantly reduced his drudgery. As a result of attending all agriculture trainings conducted by LOLT and inputs given to him over the years, his knowledge about horticulture has grown. He is fondly known as 'friend of the trees' in his village and since all his plants have survived, people request him to come and plant trees on their land as he has a 'green thumb'.

# Capacity Building Programmes

## Manthan

LOLT annual review and capacity building programme - Manthan was organised in Khopoli, Raigad District from 27th to 29th August 2019. The programme focussed on review of programmes, sustainability, need of documentation and enhancement of organizational culture in the presence of LOLT Founder & Managing Trustee Ms. Villy Doctor and the senior management team. This is a platform where the entire 100+ LOLT team is given an opportunity to share their work with others and at the same time get to know about the work and challenges and applied solutions to overcome by other teams.

The following important documents created by LOLT team were officially released during the felicitation programme held on the second day:

- LOLT Impact Report: 2005 – 2019.
- English Workbook for students.
- Maths Song Book in Marathi.

# Capacity Building Programmes

## Capacity building trainings by Ms. Viktoria Mall, Volunteer & Researcher, University of Konstanz, Germany:

Visits to ongoing programmes and activities to observe, study and analyse strengths and possible areas for improvement, bringing in cross-cultural learnings from her educational and practical experiences of human & child psychology, brainstorming and referring contemporary researches to find solutions to local challenges, and volunteering as a trainer in annual trainings enriching the ongoing efforts of the team. During the internship she also completed the translation of her research tool for research on 'Sources of Meaning in Life' in Marathi and initiated data collection from community members through close collaboration with LOLT team members.

## Skills for Adolescents Training Programme:

In order to enhance the LOLT team's capacity to work with all stakeholders - community, teachers, student and parents and to especially equip the team to face challenges of dealing with adolescent student groups and parents - a two day training programme 'Skills for adolescents' training was organised for the LOLT team in Karjat in partnership with Lions Quest International, in the month of April 2019.
